

RESIDENTIAL STREET SWEEPING SERVICES

Procedures for the application for the residential street sweeping program and installation of the **NO PARKING SIGNS FOR STREET CLEANING** are as follows:

1. A petition must be completed for each street location.
 - a. A **minimum of three (3) blocks** is required to be considered for the program.
 - b. For traffic safety reasons, petitions **will not** be considered
 - i. in the middle of a one-way street,
 - ii. rush hour restriction roadways, and
 - iii. commercial corridors roadways.
2. Petitions – for both applications and removals – must have the signatures of individuals representing at least **eighty percent (80%)** of the residences on the block.
 - a. If an apartment building is located within the block, then each apartment unit is to be counted as a separate residence.
 - b. SACD reserves the **right to deny any petition**.
3. The Department of Public Works, Solid Waste Management Administration, Street and Alley Cleaning Division (SACD) will inspect the blocks, taking into consideration
 - a. the amount of litter,
 - b. the total number of residences, and
 - c. to determine the feasibility of mechanically sweeping.
4. SACD will verify all signatures. SACD will also inspect the blocks for proposed designated locations of poles and signs.
 - a. In cases where poles need to be installed Miss Utility will need to be notified. This may cause some **delays in the process**.
5. DPW/SWMA will notify the Advisory Neighborhood Commission (ANC) of a particular block requesting Street Sweeping and the approval of a petition. The ANC will be allowed an opportunity to advise the government on this issue as required by District of Columbia Law.
6. Upon a decision on the petition, SACD will notify the ANC and the citizen generating the petition of the determination.
 - a. If approved, the notification will indicate the date on which the **NO PARKING FOR STREET CLEANING** signs will be installed and the date sweeping will begin.
 - b. Department of Transportation (DDOT) will install the **NO PARKING FOR STREET CLEANING** signs.
